Computer – A Wonderful Machine

Your Aim

to learn about:

- Natural and Man-made Things
- What are Machines?
- Computer—A Wonderful Machine
- How is a Computer Different from other Machines?

Hello children! Look at the picture.

Do you know what is this?

This is a **computer**. It is a **machine**.

NATURAL AND MAN-MADE THINGS

We see many things around us. Some are natural and some are man-made. For example,

Tree

Sun

Cat

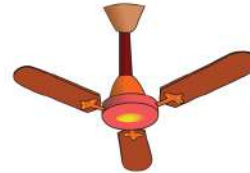

Natural things

Pencil

Television

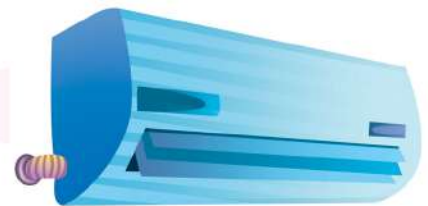

Fan

Man-made things

WHAT ARE MACHINES?

Machines are things made by man. They make our work easy. They also save our time. Some machines need electricity to work and some do not. We use many machines in our daily life. Some examples of machines are given below:

An **air conditioner** makes a room cool.

Air conditioner

Refrigerator

A **refrigerator** keeps our food fresh. It also keeps water cool.

Reboot

- * Machines are man-made things.
- * We see many things around us. Some are natural and some are man-made.
- * Machines make our work easier.
- * Machines also save our time.
- * Computer is a machine that can do many kinds of work.

One Touch Learn

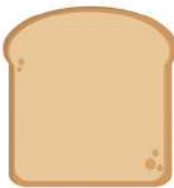

A. Tick (✓) the correct option.

1. Which of the following is a machine?

a.

b.

c.

2. Which of the following machine helps to solve sums, play games, listen to music, etc?

a.

b.

c.

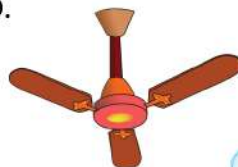

3. Which of the following is a man-made thing?

a.

b.

c.

B. Write 'T' for true and 'F' for false.

1. Machines are man-made things.
2. Machines waste our time.
3. Computer is not a machine.
4. Computer runs on electricity.
5. Computer cannot do many kinds of work.

C. Match the objects shown in column A with their names given in column B.

Column A	Column B
1. 	a. Computer
2. 	b. Mobile Phone
3. 	c. Monkey
4. 	d. Flower
5. 	b. Electric bulb
